WELCOME to CARPATHIAN O-TROPHY 2025!

In the top areas in Romania, Comarnic is just the right location for a great Orienteering event. The host of many national and international events in the past years, Comarnic provided interesting races asking for all Orienteering skills of the competitors. Let us expect again that we will be satisfied by terrains and courses, wich will make the best win! Therefore, I welcome all orienteers from abroad. I would like to thank the organizing team for its involvement in the success of this international competition.

Magnificent project, high technical Orienteering, nice places, nice people.

I am happy to be part of this beautiful project, Carpathian O Trophy 2025, where I had the pleasure to map technical areas, with framed relief and a very varied diversity of vegetation which. I am sure they will demand the qualities of the competitors to the maximum.
